**ATTEND AN AMP
LED LIGHTING
WORKSHOP
AND GET A FREE LED BULB**

February 24 – 6:00 p.m. - 7:30 p.m.
Alameda Free Library

SEE THE LIGHT: FREE AMP LED LIGHTING WORKSHOP

THE RIGHT BULBS FOR YOU

Are you looking to replace your old light bulbs with LEDs, but are unsure of which bulb is right for your needs? Never fear because AMP is offering a free LED workshop to put all your bulb-related queries to rest.

The workshop is on Wednesday, February 24 from 6 - 7:30 p.m. at the Alameda Main Library on Oak Street.

LISTEN TO A LIGHTING EXPERT

Stop by and learn about the evolu-

tion of the LED light bulb and how it fits into today's lighting market. A lighting expert will discuss the benefits of switching to LEDs, including long-term financial savings and the advantages of LEDs over other types of lighting.

PURCHASING GUIDE

Attendees will receive a purchasing guide that describes the different types of LED bulbs on the market and how you can be sure to choose the right one for your home or business.

There will also be an online demonstration of how to take advantage of AMP's new Online Rebate Program, which includes a user-friendly rebate on LED light bulbs and fixtures.

GET A FREE LED!

Stick around for light refreshments, a free LED light bulb to take home, and a Q&A with our expert.

for a list of participating merchants

**ALAMEDA GREEN:
PRODUCT CONTENT LABEL**

Much like a nutrition label, the Product Content Label discloses the renewable resources that make up Alameda Green, AMP's voluntary renewable energy program. To learn more about Alameda Green, or to sign up, visit www.alamedamp.com/green.

2016 PROSPECTIVE PRODUCT CONTENT LABEL¹

Alameda Green matches 100% of your electricity usage. In 2016, Alameda Green will be made up of the following new renewable resources averaged annually.

Green-e Energy Certified New ² Renewables in Alameda Green 2016		Generation Location
Solar	5%	CA
Wind	95%	AZ, CA, CO, ID, MT, NM, NV, OR, UT, WA, or WY
TOTAL	100%	

1. These figures reflect the renewables that we have contracted to provide. Actual figures may vary according to resource availability. We will annually report to you before August 1 of next year in the form of a Historic Product Content Label the actual resource mix of the electricity you purchased.
2. New Renewables come from generation facilities that first began commercial operation within the past 15 years. This product may include generation from facilities that were approved for extended use under a strict set of criteria by Green-e Energy and/or qualify as repowered.

The average home in Alameda uses 350 kWh per month.

For specific information about this electricity product, please contact Alameda Municipal Power at (510) 748-3900, email green@alamedamp.com, or visit www.alamedamp.com/green.

Alameda Green is Green-e Energy certified, and meets the environmental and consumer-protection standards set forth by the nonprofit Center for Resource Solutions. Learn more at www.green-e.org.

**CUSTOMER SPOTLIGHT:
WEST WIND SCHOOL**

West Wind Schools has joined the growing list of businesses that are participating in AMP's Commercial Lighting Retrofit Program. They've recently installed LEDs throughout their Park Street space to ensure a well-lit environment for students of all ages.

In addition to teaching both Karate and Kung-Fu style martial arts, they also offer American Boxing, which includes full fitness training.

"We are very happy with the lighting upgrade and it saves us a ton of money."

— Krizten Delossantos, Owner

**Estimated Savings = \$3,439 per year
Rebate = \$3,713**

For more information on the program, visit the AMP website at www.alamedamp.com/turnkey.

1429 Park St. Alameda, CA 94501
(510) 523-2000

**The AMP Service Center will be closed Monday,
February 15 to celebrate Presidents' Day.**
