## PUBLIC UTILITIES BOARD WELCOMES NEW PRESIDENT

At its February meeting, the Public Utilities Board elected a new president - Commissioner Ann McCormick.

McCormick takes the helm from former PUB President Mary Sutter, who recently left the Board because she moved out of Alameda.

President McCormick held a seat on the Board from 2000 to 2010, and has served continuously as a Board member since her reappointment in 2013.

In her professional career, she is a founding principal of Newcomb Anderson McCormick, a San Francisco-based energy engineering and management consulting firm devoted to solving energy and sustainability issues.

## CHARGING YOUR EV IN ALAMEDA

## ACCESS TO YOUR METER

To provide you with reliable electric service, our employees need to be able to access your meter. In addition to meter reading, AMP contractors will be replacing existing customer meters with smart meters starting this month and going through December.

### Please consider these tips:

There should be 3 feet of empty space in front of the meter. Ensure that your meter is not blocked behind trash cans or other items.

If your meter is located behind a gate, please keep the gate unlocked.

For more information on our new meter installation program, go to [www.alamedamp.com/inview](http://www.alamedamp.com/inview).

**CUSTOMER SPOTLIGHT:  
GOOD WITCH WELLNESS & APOTHECARY**

An Alameda business has combined wellness and green energy into a winning potion. Good Witch Wellness & Apothecary offers acupuncture services and herbal products with the aim of enhancing women’s wellness. And now, their store is powered by green energy.

Good Witch recently joined AMP’s Alameda Green program, which offers 100 percent renewable power to members. More than 2,000 of AMP’s residential and commercial customers have joined the program.

**Businesses can choose renewable power through Alameda Green for as little as \$15 per month.**

Good Witch’s herbal apothecary incorporates classical Chinese wisdom with western acumen, with formulations made with the finest organic, locally grown, or wild harvested ingredients.

**1128 Lincoln Ave. Alameda, CA, 94501 (510) 337-4663**

**AMP ONLINE REBATE PROGRAM**

**REFRIGERATORS & FREEZERS  
ELECTRIC CLOTHES DRYERS  
LED FIXTURES AND MORE!**

**ENERGY EFFICIENCY:  
FREE ENERGY AUDITS FOR CUSTOMERS**

**AMP PROVIDES FREE ENERGY AUDITS TO CUSTOMERS**

Have you taken advantage of the free energy audit that AMP offers to residential customers? AMP’s no-cost energy audit will provide you with recommendations on how you can manage and understand your energy use.

**IN LESS THAN AN HOUR YOU’LL:**

- Get a full inventory of how your home uses electricity
- Understand how to read your electric bill
- Receive a customized report with recommendations
- Get one FREE LED

**AND IF YOU’RE GOING SOLAR...**

If you’re thinking about installing solar, AMP recommends that you start with energy-saving upgrades.

By making energy-saving improvements to your home ahead of time, you may be able to save enough energy to purchase a smaller solar system and lower your installation costs. You may also be able to reduce the amount of energy you’d need to buy from AMP.

**JUST CALL 510-748-3900**

It’s easy to request an audit of your home by an AMP energy specialist – just call 510-748-3900 to make an appointment.
