

WHAT'S NEW IN THE WORLD OF ELECTRIC VEHICLES (EVs) FOR AMP CUSTOMERS?

Used EV Rebate Doubles for Limited Time

The future of cars is electric! If you're in the market for an EV, AMP has doubled the Used Electric Vehicle Rebate program amounts. For a short time only, when you purchase a used electric vehicle, you may be eligible for a cash back rebate of up to \$2,000. AMP's income qualified customers enrolled in the Energy Assistance Program qualify for an additional \$1,000.

Remember, with AMP's 100% carbon free energy, each time you fill your EV, you get a clean charge.

AMP EV Charger Rebate for Multi-Family Buildings. Get Up to \$48,000.

Where there are electric vehicles, there must be chargers! AMP has also recently launched a brand-new multi-Family building Level 2 Charger Rebate program to help reduce EV charging installation costs. Multi-Family building customers who want to install level two chargers may be eligible for a rebate of up to \$48,000.

PUBLIC POWER WEEK AMP EMPLOYEE FUNDRAISER

For Public Power Week, AMP employees came together to support the local community for our annual Public Power Week Employee Fundraiser. For 2021, AMP employees partnered with Tuckers Ice Cream and raised funds for Girls Inc. of the Island City. Girls Inc. provides programming that helps girls and young women develop skills in STEM, reading, writing, arts, and many other leadership and life skills.

CHRISTMAS TREE LANE

Alameda Municipal Power Sponsored Alameda Christmas Tree Lane for the 2021 holiday season. Christmas Tree Lane has used AMP's 100% clean energy to power the holiday lights since 2020. Lights were up at Christmas Tree Lane from December 4th, 2021, to January, 1st, 2022.

STAY COZY AND SAVE ENERGY

If it's chilly inside your home this winter - even with the heater on - there are things you can do to make your living space more comfy.

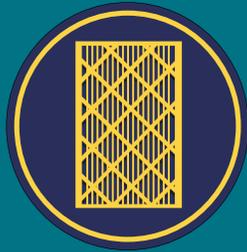

Here are a few useful tips:

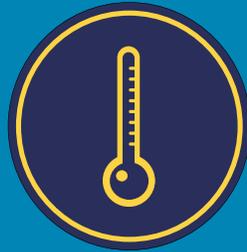

Move furniture and window coverings to expose heating grills

Uncover windows during the day to let in warmth from the sun and close curtains at night.

Clean or replace dirty furnace filters.

Program your thermostat so it is cooler at night and when no one is home.

Keep yourself warm instead of the room. (Think blankets, sweaters, Snuggles.)

HOLIDAY HOURS FOR JANUARY

AMP's customer service team will be unavailable on Monday, January 17. You can use our automated phone service 24/7 at (510) 748-3900 to access your account information, pay your bill, or report emergencies. Happy holidays!
